

1. Open your **Settings** Application.

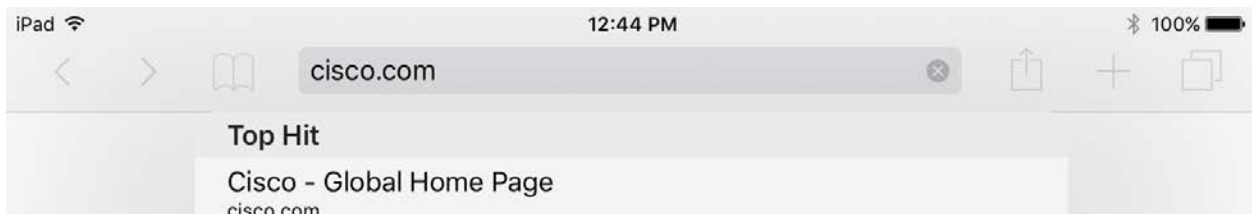

2. Select **Wifi**, then select **Join_NHCS_Personal** on the right.

3. Verify you see the blue check beside Join_NHCS_Personal, this could take a few seconds.

4. Once connected please open the **Safari** application and go to the www.cisco.com.

5. You will then be redirected to the Portal Sign in. Please enter your username and password and **Sign On**. *This is the same username and password you use to log into a NHCS owned computer.*

Acceptable Use Policy

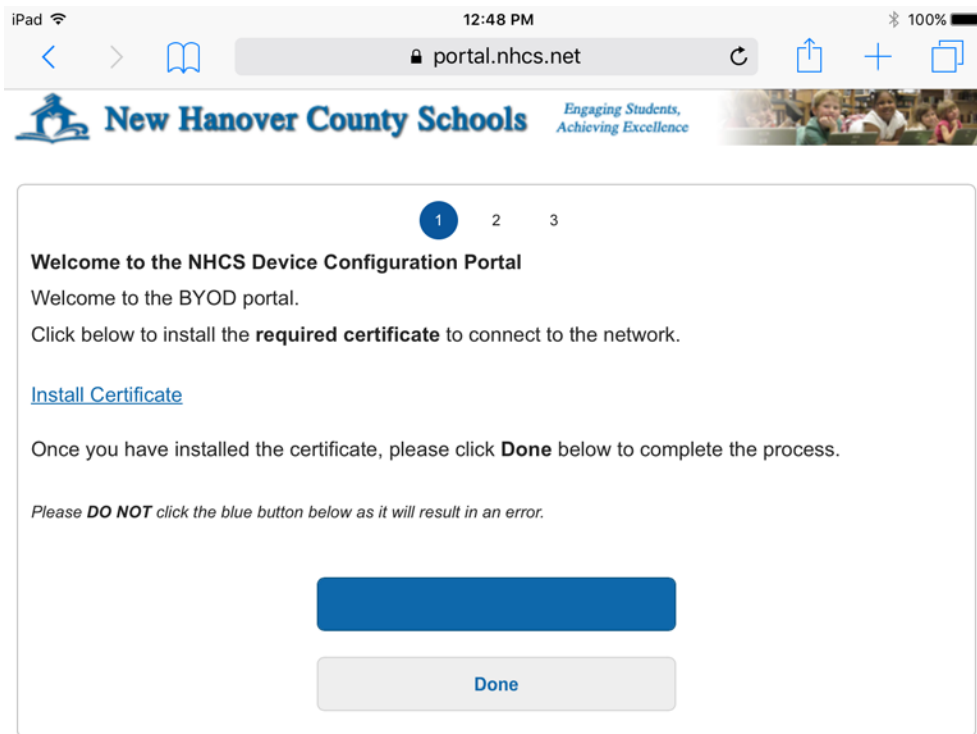

Please read the Acceptable Use Policy

Please accept the policy: You are responsible for maintaining the confidentiality of the password and all activities that occur under your username and password. Cisco Systems offers the Service for activities such as the active use of e-mail, instant messaging, browsing the World Wide Web and accessing corporate intranets. High volume data transfers, especially sustained high volume data transfers, are not permitted. Hosting a web server or any other server by use of our Service is prohibited. Trying to access someone else's account, sending unsolicited bulk e-mail, collection of other people's personal data without their knowledge and interference with other network users are all prohibited. Cisco Systems reserves the right to suspend the Service if Cisco Systems reasonably believes that your use of the Service is unreasonably excessive or you are using the Service for criminal or illegal activities. You do not have the right to resell this Service to a third party. Cisco Systems reserves the right to revise, amend or modify these Terms & Conditions, our other policies and agreements, and aspects of the Service itself. Notice of any revision, amendment, or modification will be posted on Cisco System's website and will be effective as to existing users 30 days after posting.

7. Select the **Install Certificate** link. *DO NOT click the blue button*

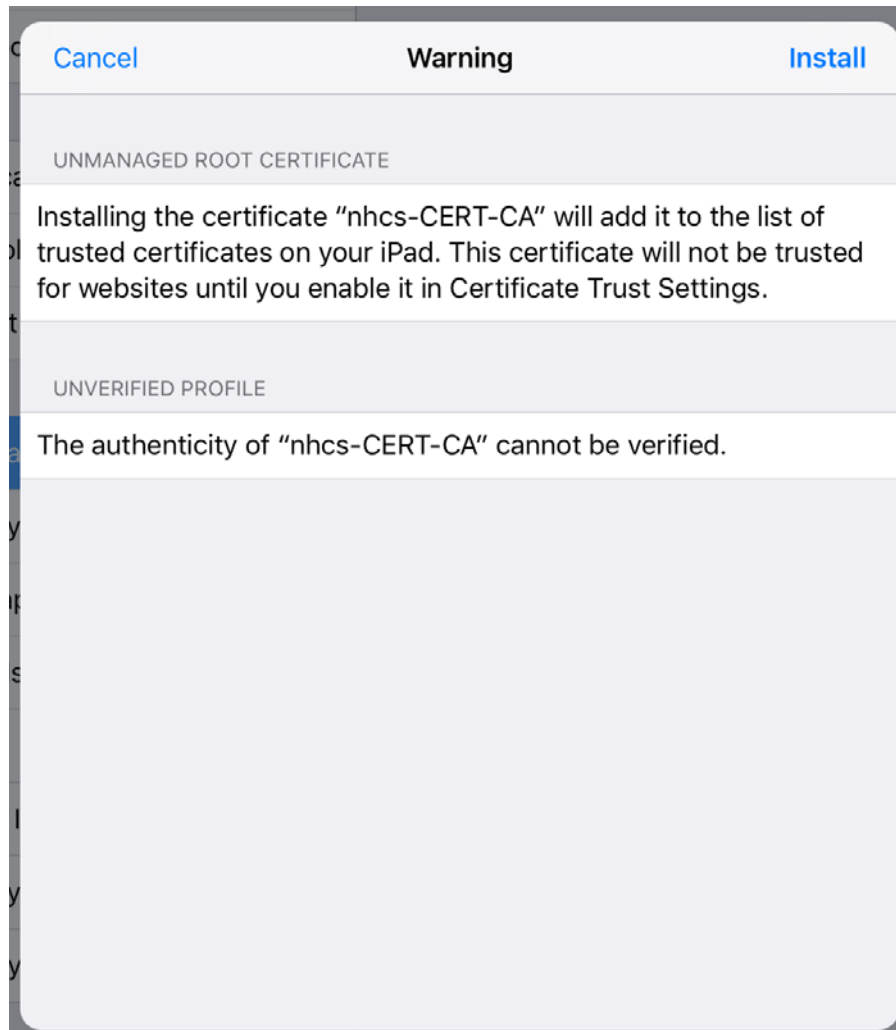

8. A new window will pop up to start the certificate installation process. Select **Install** in the top right corner.

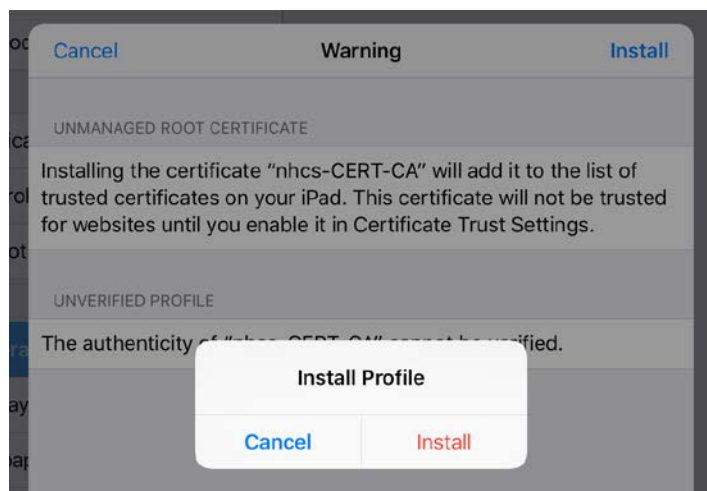

9. You may be prompted to enter your device passcode. This is your personal passcode, enter it now. If you are not prompted you can proceed to step 10.

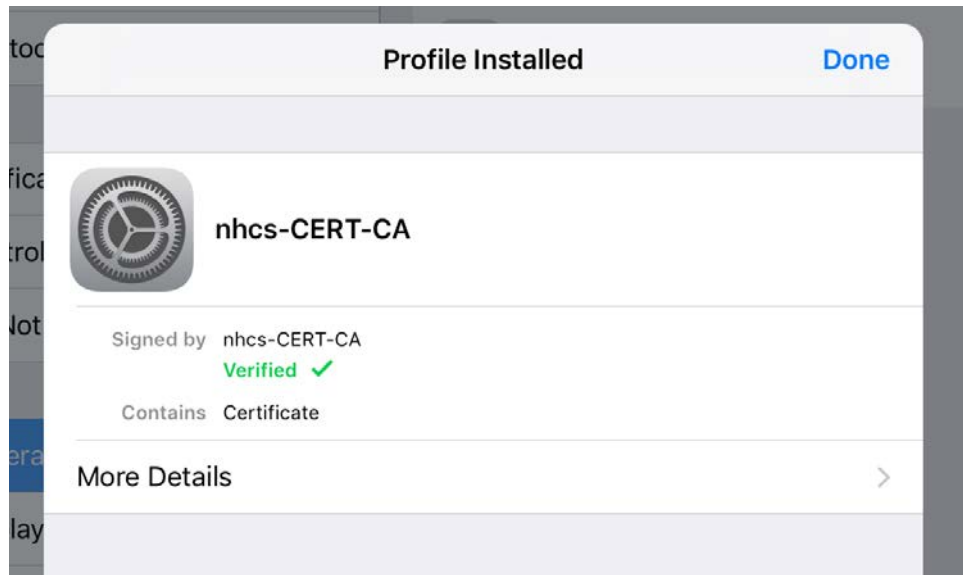

10. Select **Install** in the top right corner.

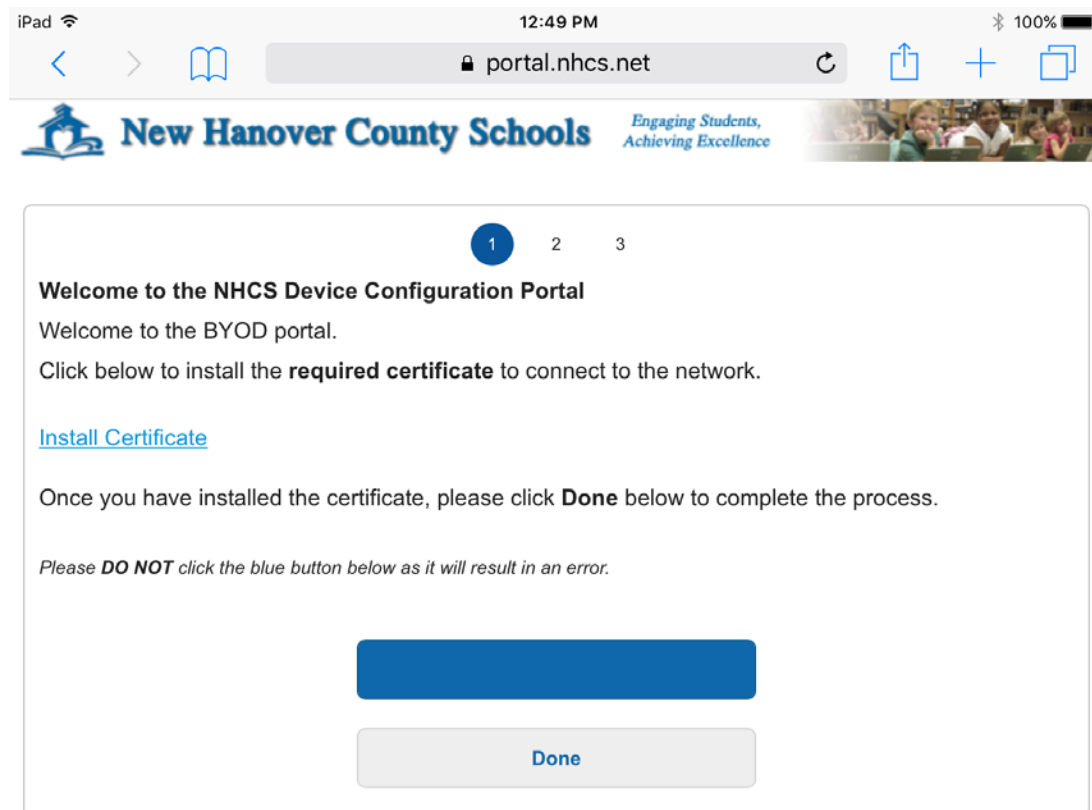

11. Select **Install**

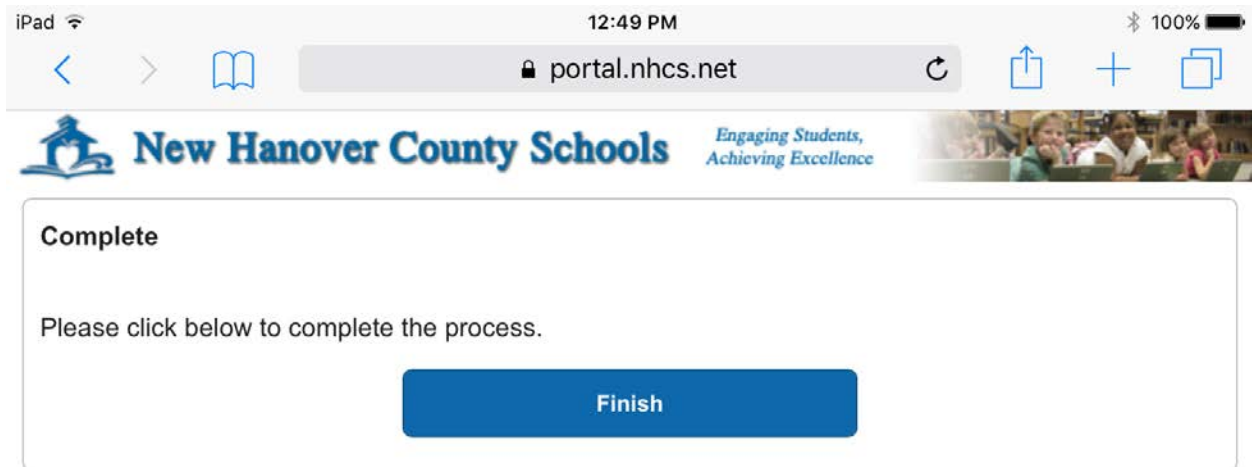

12. Select **Done** in the top right corner.

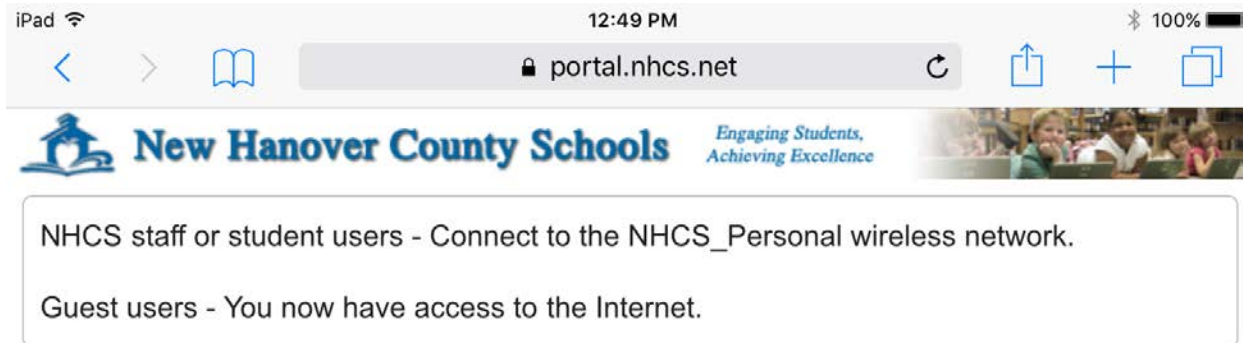

13. You will then be redirected back to Safari. Select **Done**. *Do NOT click the blue button.*

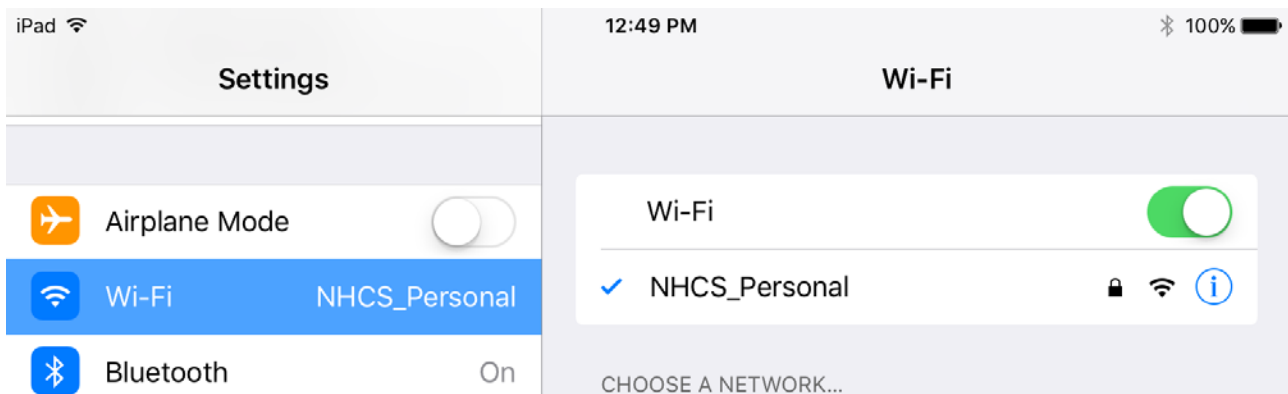

14. Select **Finish**.

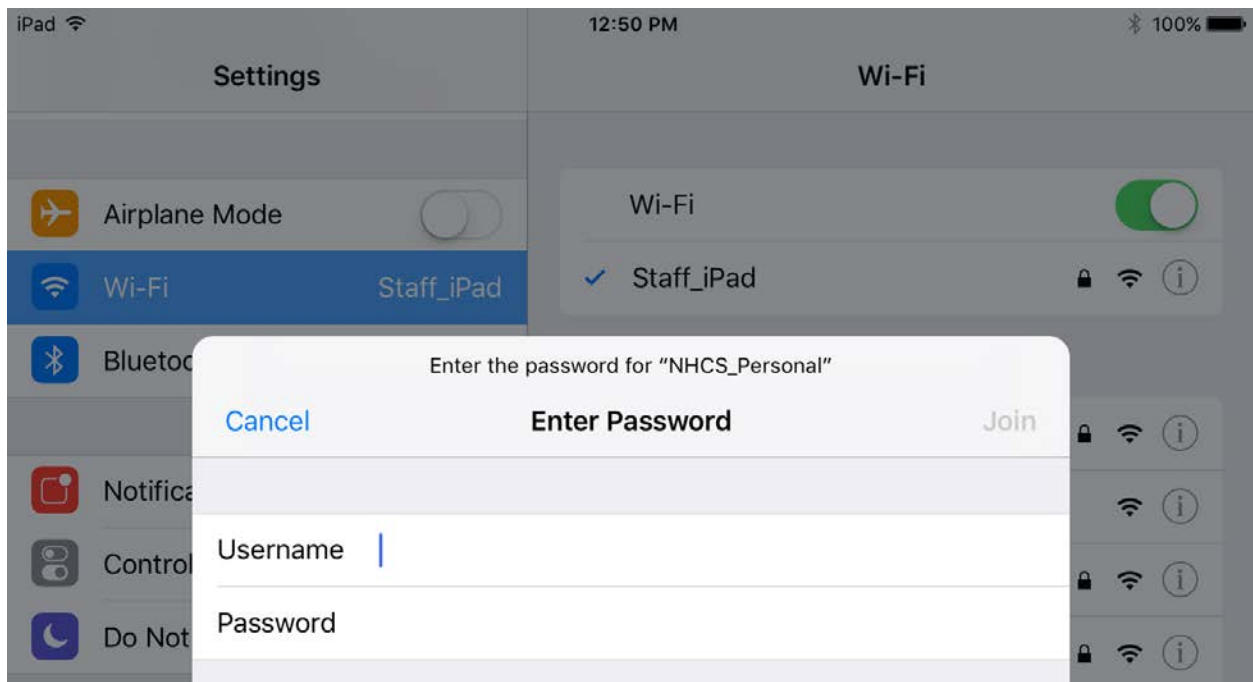

15. You will be presented the page instructing you that you will now need to connect to **NHCS_Personal**.

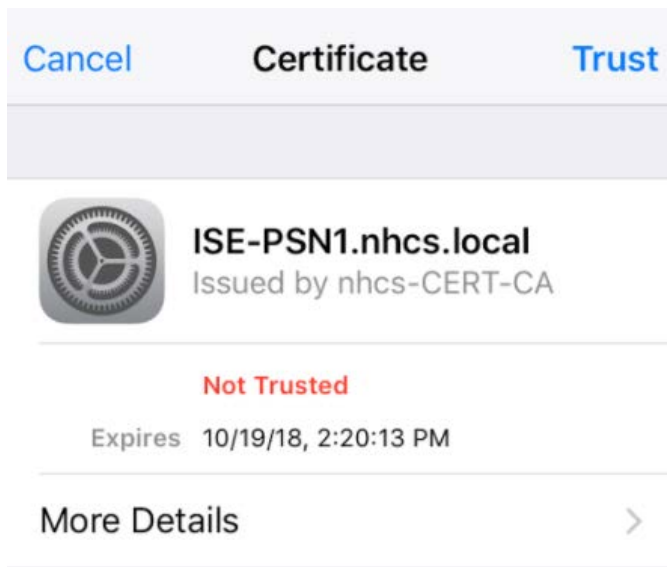

16. Open your **Settings** application and connect to **NHCS_Personal**.

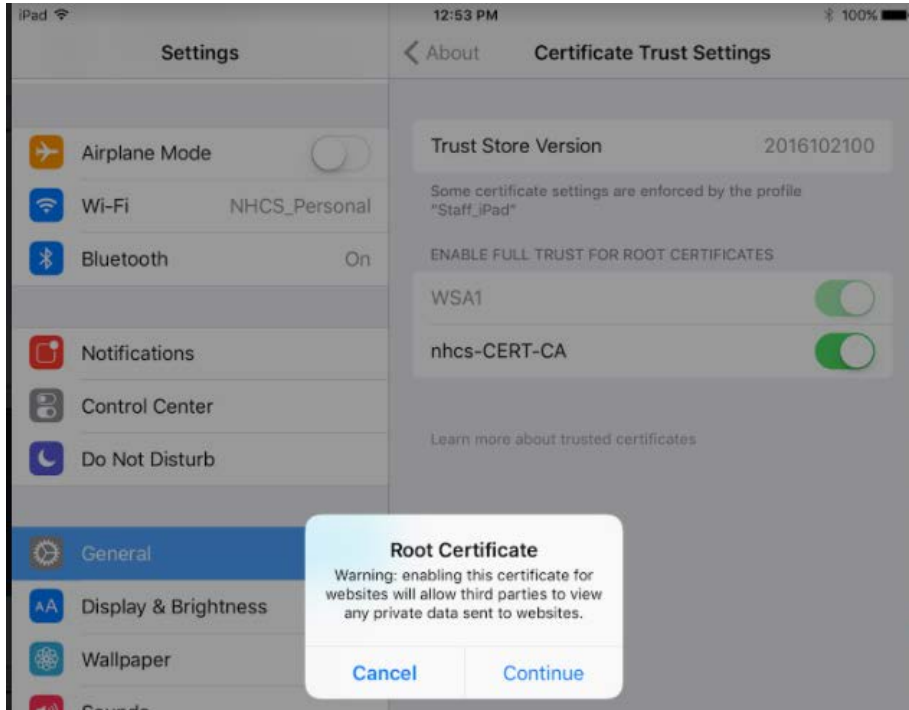

17. Please enter your username and password and select **Join**. *This is the same username and password you use to log into a NHCS owned computer.*

18. Select the **Trust** button at the top right.

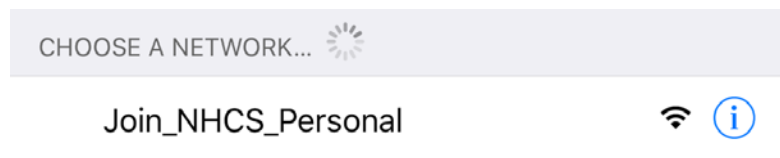

19. In your **Settings** app go to **General > About > Certificate Trust Settings**. Click to enable the button for **nhcs-CERT-CA**. Then click **Continue**.

20. You are now connected to the **NHCS_Personal** wifi. You will not have to do these steps again for this device. Please open **Safari** and test the internet by going to www.cisco.com.

21. Go back to **Join_NHCS_Personal** and click the information link.

22. Select **Forget This Network**. You are now finished.
