A New Hanover County Schools and
Cape Fear Community College
Partnership

Wilmington Early College High School

(WECHS) was created out of a strong partnership between New Hanover County Schools and Cape Fear Community College. Located on the north campus of CFCC, our school's small size supports innovative ideas, creative teachers, and attention to detail. WECHS students graduate with a High School Diploma *and* an Associate's

Degree that is college transferable.

Our structure fosters academic rigor, personalization and relevant

connections to workplace knowledge and skills. We are focused on preparing students for life-long learning and entry into high-skill careers.

WECHS students are encouraged to maintain their current involvement in community extra-curricular activities; however, our students do not participate on sports teams at public schools.

Transportation and lunch are provided by New Hanover County Schools.
