*Screenshots taken using Android 7.0

1: At the website http://www.nhcs.net/cert click to Download the Certificate.

2: Name the certificate whatever you want. For the below example we used "**NHCS**" and the credential use is "**VPN and Apps**" and then select Ok, If installed correctly you should see "**NHCS is installed**." at the bottom of the screen

Name the certificate

Certificate name:

NHCS

Credential use:

VPN and apps ▼

The package contains:
one CA certificate

CANCEL   OK

3: The Certificate install is complete, no further action is required.
